

Kells Lane Primary School – SEN Information Report

About the school

Kells Lane Primary School is a maintained mainstream school for pupils from the ages of 4 to 11.

The school caters for pupils with all needs.

The Special Educational Needs Co-ordinator (SENCO) is Mrs S Lee who can be contacted by phoning or emailing the school: 01914334140 kellslane@klps.org.uk

Identifying Needs

All pupils follow a broad balanced curriculum that is appropriate to their age and stage of development. It is personalised to take into account their needs and abilities. In order to identify a pupil's special educational needs the school uses all of the information about the pupil's progress and compares it with the progress of other pupils in the school and against national performance information.

If a pupil is not making the progress that would be expected, the pupil and parent/carer will be involved as soon as possible. The school will discuss their concerns with the parent/carer and get the parent/carers views about:

- the pupil's strengths and areas of difficulty
- concerns that the parent/carer has
- agreed outcomes
- next steps

Following discussions with parents/carers we will then agree outcomes that the pupil will be working towards and the support or programmes of study that are needed to meet these outcomes. From the records of progress and discussions with parents/carers, the school will then decide the support or programmes of study that are needed to meet these outcomes.

Concerns are not always based on academic progress but could also be linked to the social and emotional development of the student. Any concerns that school staff or parents raise in this area may lead to a further investigation by the SENCO.

Assessment, Monitoring and Review

Each pupil's progress is continually monitored by their class teacher and the SENCO in a number of ways, which might include additional educational testing completed within school. The SENCO oversees any additional support a child may need and at the beginning of the new academic year, data is analysed and tracked to get a clear indication of which children need support/intervention with their academic work.

Progress is discussed regularly, tracked closely by staff and is reviewed formally every term. Progress is reviewed formally every term. Previously, National Curriculum levels would be given but this has changed in line with the new curriculum and a different assessment system based on end of year group expectations. This information is shared with parent/carers throughout the school reporting system. Other tests may be used to monitor progress, such as tests which give a reading and spelling age or a standardised score. These tests and levels will also be discussed in detail, along with staff comments within the review meeting.

Kells Lane Primary School – SEN Information Report

These reviews will affect the level of support given to each pupil and depends on the additional needs of the child and any other factors that may improve or hinder their progress. When a pupil has been assessed as having SEND and is not making progress with the help that they have been given, school can refer pupils to a number of different services for more specialist assessment and advice.

Depending on the student's needs, referrals can be made to the Special Educational Needs Improvement Team (SENIT), the Educational Psychology Service or Behaviour Support Service within Gateshead Council, health services such as speech and language therapy, school nursing service or Children and Young People's Service or social care teams such as the Family Intervention Service. School might suggest completing a Common Assessment Framework (CAF) form in order get a team of professionals (Team around the Family (TAF)) together to work with the pupil and their family. This needs to be done with the parent/carers agreement.

If the pupil does not make progress with support that has been suggested by specialist staff, school can make a referral to the Local Authority (LA) for an assessment for an Education, Health and Care Plan. This is a legal process, which is carried out by the Local Authority (LA), which sets out the amount of support that will be provided for your child.

All children are required to be formally assessed at the end of each key stage (i.e. at the end of year 2 and year 6) using Standard Assessment Tests (SATs). This is something the government requires all schools to do and are the results are published nationally.

Involving Parents/Carers and Pupils

Parents/carers can contact school if they have any concerns about their child by telephoning, writing or coming into the office and requesting a meeting to speak to staff at the end of the school day.

Staff will contact parents or carers to discuss issues, concerns or progress of individual children.

The school holds regular parent evenings for all parents. If a child is supported in school for special educational needs, parents and carers are involved with regular reviews at parents' evening. If a child has a statement or educational health care plan, parents are invited to a termly review (in addition to parents evening) to discuss progress towards current outcomes, setting outcomes for the future and future targets.

Annual Reviews are also held for pupils with Single Plans or statements of special educational needs. These reviews focus on achievements, the progress made towards the outcomes, support and future plans and are held with parents/carers, the pupil and any other agencies involved.

Pupils are encouraged to share their aspirations and views in review meetings and this will be done in a way that is appropriate to their age.

Kells Lane Primary School – SEN Information Report

Staff

There are a number of people in school who are responsible for special educational needs in school:

The Head Teacher is responsible for:

- The day to day management of all aspects of the school, including support for children with SEND.
- Making sure that your child's needs are met but they will give this responsibility to the SENCO and class teachers.
- Making sure that the Governing Body is kept up to date about any issues in the school relating to SEND.

The Special Educational Needs Co-ordinator (SENCO) is responsible for:

- Coordinating all the support for children with special educational needs and disabilities (SEND) and developing the school's SEND Policy to make sure all children get a consistent, high quality response to meeting their needs in school.
- Ensuring that parents/carers are:
 - involved in supporting their child's learning
 - kept informed about the support their child is getting
 - involved in reviewing how they are doing
 - involved in planning for their future.
- Contacting other people who may be coming into school to help support your child's learning for example, an Educational Psychologist.
- Making sure that there are excellent records of your child's progress and needs.
- Seek specialist support for teachers and support staff in the school, so they can help pupils with SEND in the school make the best possible progress.
- Support class teachers in writing targets to support your child's needs.
- Ensuring that all staff working with your child in school are helped to deliver the planned work/programme so your child can make the best possible progress. This may involve the use of additional adults, outside specialist help and specially planned work and resources.

The Class Teacher is responsible for:

- Making sure that all children have access to excellent classroom teaching (this is known as quality first teaching) and that the curriculum is adjusted to meet your child's individual needs (this is called differentiation).
- Checking on the progress of your child and identifying, planning and providing any additional help your child may need and letting SENCO know if necessary. This could be things like targeted work, additional support.
- Planning for your child's next steps based on their progress.
- Ensuring that the school's SEND Policy is followed in their classroom and for all the pupils they teach with any SEND.

Kells Lane Primary School – SEN Information Report

The Teaching Assistants work with the class teacher to identify areas of support for pupils with SEND. They:

- Support pupils to access the curriculum
- Help to implement the differentiation and specialist support strategies in the classroom
- Keep pupils focused on learning activities during lessons
- Attend all training opportunities related to SEND and differentiation
- Are mainly classroom based but also specific intervention outside of the classroom
- Help pupils to develop effective ways of becoming independent learners

The SEND Governor is responsible for:

- Making sure that the school has an up to date SEND Policy
- Making sure that the school has appropriate provision and has made necessary adaptations to meet the needs of all children in the school
- Making sure that the necessary support is made for any child who attends the school, who has SEND

Training

School staff are trained in specific areas where there is a current need. The Headteacher collects information on areas for development through appraisals and staff meetings and asks the appropriate professionals to deliver it as whole staff or individual training. The Senior Leadership Team identify appropriate specialist support training where needed and enrol staff on courses. Training is also sought for staff when children are admitted to school with a SEND that no-one in school has experience of.

Staff within school have different levels of expertise in order to support pupils with special educational needs:

Awareness – this is basic awareness of a particular type of SEND. All staff who come into contact with the pupil will have this level of training and it will be carried out by the SENCO, SENIT, Educational Psychologist or other specialist service.

Enhanced – this level of training will be carried out by staff working with the pupil regularly, such as class and subject teachers, and will focus on how teaching and learning can be adapted to meet the pupil's needs. The training can be carried out by SENIT, Educational Psychologist, staff from special schools or other specialist services.

Specialist – this is in-depth training about a particular type of SEND for staff who will be advising staff who support pupils at an enhanced level. This could be a specialist SEND teacher or a SENCO if they had appropriate qualifications.

Transition

Transitions can be difficult for a child with SEND and we take steps to ensure that any transition is as smooth as possible.

Kells Lane Primary School – SEN Information Report

- Pupils with statements of special educational needs or Education, Health and Care Plan (Single Plans) will have a review in the autumn term before they move to secondary school to discuss the transition.
- Before your child moves to Kells Lane Primary School, whenever possible, we will arrange for your child to visit us to meet their new teacher and classmates. We also speak to parents before their child begins at the school as they know their child better than we ever can. We will develop a personal transition plan for your child with their primary school and review staff training to ensure that staff teaching your child have a knowledge of their needs.
- When moving classes in school, information will be passed on to the new class teacher IN ADVANCE and in most cases, a planning meeting will take place with the new teacher.
- If your child is moving to another school we will contact the new school and ensure they know about any special arrangements or support that need to be made for your child. We will also make sure that all records about your child are passed on as soon as possible. Where possible your child will visit their new school before they begin and in some cases staff from the new school will visit your child in this school. When your child moves to secondary school, staff from Kells Lane Primary School will discuss the specific needs of your child with the SENCO of their secondary school.

Please note - if your child has an Education, Health and Care Plan they must have an annual review before they move.

Support

Academic

All pupils receive excellent targeted classroom teaching. For your child this would mean:

- That the teacher has the highest possible expectations for your child and all pupils in their class.
- That all teaching is based on building on what your child already knows, can do and can understand.
- Different ways of teaching are in place so that your child is fully involved in learning in class. This could involve things like using more practical learning.
- Specific strategies are in place to support your child to learn.
- If your child's teacher has decided that your child has gap in their understanding/learning after carefully checking on your child's progress they could receive some extra support to help them make the best possible progress.

All pupils in school should be getting this as a part of excellent classroom practice

Kells Lane Primary School – SEN Information Report

when needed but other types of support are available for pupils with SEND:

Specific work with a small group of children

This type of support is available for any child who has specific gaps in their understanding of a subject/area of learning and will be put in place if the class teacher or SENCO think that they need extra support in school. The group, sometimes called Intervention groups by schools, are:

- Run in the classroom or another quieter learning resource area
- Planned and overseen by a teacher but they are often run by a Teaching Assistant who has been trained to run the groups using the teacher's plan.
- Working towards specific outcomes to help the pupil to make more progress.

Specialist groups run by outside agencies

This type of support is available for children with specific barriers to learning that cannot be overcome through teaching and intervention groups and means they have been assessed as needing some extra specialist support in school. This may be from:

- Local Authority services such as the SENIT, an Educational Psychologist or Behaviour Support Service.
- Outside agencies such as the Speech and Language Therapy (SALT) Service, Physiotherapy and Occupational Therapy.

For your child this would mean:

- They will have been identified by the class teacher as needing more specialist input instead of or in addition to everyday teaching and intervention groups.
- You will be asked to come to a meeting to discuss your child's progress and help plan possible ways forward.
- You may be asked for permission for the school to refer your child to a specialist professional e.g. a Speech and Language Therapist or Educational Psychologist. This will help the school and yourself understand your child's needs better and be able to support them better in school.
- The specialist professional will work with your child to understand their needs and make recommendations, which may include:
 - Making changes to the way your child is supported in class e.g. some individual support or changing some aspects of teaching to support them better
 - Support to set targets which will include their specific expertise
 - A group run by school staff under the guidance of the outside professional e.g. a social skills group
 - A group or individual work with outside professional
- The school may give your child needs some individual support in school. They

Kells Lane Primary School – SEN Information Report

will tell you how the support will be used and what strategies will be put in place.

Individual support

This is usually provided through an Education, Health and Care Plan (known as a Single Plan in Gateshead). This means your child will have been identified by a specialist professional as needing a higher level of support than the school can provide from their SEND budget. This is a legal process, which is carried out by the Local Authority (LA), which sets out the amount of support that will be provided for your child. School will discuss with you if they think that this is required.

Emotional and Social

As well as providing academic support, school can also provide emotional and social support for pupils. This can include:

- Peer mentoring systems involving older pupils/student councillors
- Social skills/nurture group interventions - provided by both internal staff and external agencies
- Counselling services
- Self-esteem interventions - ranging from the use of sport/music/drama to speech and language interventions
- A pastoral system which allocates support from the local authority
- Anti-bullying policies and taught within PSHE curriculum

Accessibility

In School

The school is *not* fully accessible to pupils with physical difficulties as the school is on 3 floors and can the middle and top floors can only be accessed via stairs.

The following facilities are available for pupils and their parents/carers with physical difficulties:

- Disabled parking bays
- Ramped access to buildings
- Accessible toilets
- Induction loop for hearing aid users
- Contrast edging and dual height rails on lower stairs
- Accessible break areas
- Accessible dining area
- A private room for administration of medication

A risk assessment carried out and personal evacuation plan will be drawn up for all pupils with physical difficulties. All staff working with the pupils will be made aware of the plan.

We have an Accessibility Policy which is available in school.

Kells Lane Primary School – SEN Information Report

Outside of School

The school has a number of after school clubs. All of the clubs are accessible to pupils with special educational needs.

Pupils take part in school visits throughout the year. A risk assessment is completed for all school visits. The Senior Leadership Team, overseen by the Headteacher, makes decisions based on whether it is safe for a child to leave the premises, taking into account the needs of the pupils.

Complaints

Parent/carers should contact the SENCO with any complaints about the provision that the pupil is receiving at school. If the complaint is not resolved, the school has a complaints policy which can be found at www.kellslaneschool.org.

Parents/carers can contact the Special Educational Needs and Disability Information and Advice Service which is run by Barnardos in Gateshead (tel 0191 4784667). This is a free, confidential service for young people who have SEND and their parent/carers. The service is available whether or not the young person has a Single Plan.

Gateshead Council has developed a Local Offer which provides information about education, health and social care support for children and young people with SEND in Gateshead. The Local Offer can be found at www.gateshead.gov.uk/localoffer.
